

Coogee Public School in Sydney is now partly powered by sunshine! The school has installed a 30kW solar power system with the help of the Solar my School program, and funding from Randwick Council Sustainable Schools Grants, Clovelly Community Bank, NSW Community Building Partnerships Grants and NSW Department of Education.

Annually the solar panels will produce clean green energy to power the school's learning facilities.

Save %  
on facility's  
energy bill

Produce enough power  
equal to running  
homes

Reduce  
carbon  
emissions by  
tonnes

Equivalent to  
taking cars  
off the road

## Solar snapshot

Location:	Coogee
Size of system:	30 kW
Estimated bill savings:	\$ /yr
Estimated energy savings:	42,800 kWh
Simple payback:	yrs (external funding)

## What is Solar my School?

Solar my School is a free Council program to help schools navigate a path to solar success.

"his Council-run program has helped make it very easy for us to go solar and access the financial, educational and environmental benefits."

arion Walsh- ay,  
Principal
